Crown Prince Whisked Away to Maastricht Under Heavy Guard; Submarine Commander Interned in Spain

BY UNITED PRESS LEADS WIRE TO TRIBUNE.

PARIS, Nov. 15.—Three deputies today served notice that they will move that the allied governments open legal proceedings against those responsible for the war, through establishment of a tribunal composed of representatives of all the countries which have suffered from the machinations of these men.

They declared in a memorandum that even if Holland should refuse extradition, "the fact that the Kaiser, the crown prince and their advisers had been condemned by such a tribunal would place them in such a position that their only refuge would be death."

It is now expected that the peace conference will be held in Versailles early in 1919. Foreign Secretary Balfour and Foreign Minister Sonnino already have arrived here. Premier Lloyd George and Premier Orlando are expected to arrive tomorrow.

MADRID, Nov. 15.—The commander of the German submarine U-33, hitherto anchored at Cartagena, has been interned. The crew has been landed and a Spanish guard placed aboard the vessel.

AMSTERDAM, Nov. 15.—Crown Prince Frederick-William of Germany arrived at Maastricht on Tuesday from Spa, having taken a circuitous route in order to avoid military troops. The party, which traveled in three motor cars, was held up by frontier guards because all of its members were armed. Internment was ordered, but when it became known that one of the party was the crown prince, the guards were disarmed and detained until the arrival of the Dutch commander at Maastricht and other officials.

The crown prince accompanied the commander to the latter's home, where he remains, with his suite, under guard, pending instructions from The Hague.

Officers of the German air service have taken the German crown prince and his eldest son to a place of safety, according to the Tageblatt of Berlin.

420,000 French to Be Repatriated

PARIS, Nov. 15 (Havas).—French war prisoners numbering 420,000 will be repatriated soon. This number includes those who have been interned in neutral countries. A delegation from the French general staff has held a conference at Geneva headquarters at Spa in order to arrange the details for bringing these men back to this country.

Contests Are Ahead for Two Candidates

WASHINGTON, Nov. 15.—Contests of the election of two Republican Senators—Truman H. Newberry of Michigan and George H. Norris of Nebraska—will be held tomorrow in proceedings today before the Senate privileges and elections committee. Protests against the seating of both, elected on the face of the returns, were received by the committee, which deferred action.

Officer Candidates May Get Discharge

WASHINGTON, Nov. 15.—Candidates for commissions in officers' training schools, the war department announced today, may be discharged from the army immediately if they desire to do so, provided they are not on the list of those who are to be commissioned upon graduation in the officers' reserve corps and placed upon the inactive list.

Antwerp Again Is Held by Belgians, But Disorders Grow Worse in Brussels

LONDON, Nov. 15, 11:50 a. m.—The Belgians are in possession of Antwerp today, according to reports received here.

The despatch does not indicate whether Belgian troops occupied the city, or whether the Germans had evacuated and Belgian civilians resumed charge of the city's administration.

Antwerp is the chief seaport of Belgium. It is located on the Scheldt river, twenty-two miles north of Brussels, and is twenty-five miles from the nearest point in the Belgian lines, as established at the close of hostilities.

PARIS, Nov. 15, 5:30 p. m.—A republic has been proclaimed in Austria-Hungary, according to a Vienna despatch received by way of Zurich, published in Le Journal today.

Vienna newspapers announce that the German-Austrian republic will be proclaimed tomorrow, and that Emperor Charles' request to be permitted to reside in Vienna as a private citizen has been refused, according to an Amsterdam despatch to the Exchange Telegraph Company.

The crews of German U-boats at a mass meeting at Brunsbuttel, according to a Copenhagen despatch to the Daily Express, resolved to oppose the revolution and reinstate the officers. They decided to fly the national flag instead of the red flag.

BY JOHN T. PARKERSON, International News Service Staff Correspondent.

WITH THE BRITISH ARMY ON THE WEST FRONT, Nov. 15.—Anarchy prevails at Brussels, where the German soldiers have revolted and hoisted the red flag above the city, according to civilians arriving in Ghent from the capital today.

In addition to many German officers, three score Belgian civilians are reported to have been killed last night and many more were wounded. The demoralization of the German army is increasing. Rebellious German soldiers are pillaging and burning buildings amidst scenes of great disorder.

So critical has the situation in and around Brussels become that the Spanish minister and a famous Brussels lawyer, Phil Janssen, hurried to Brussels and appealed to King Albert to take steps to prevent the German menace from spreading further in the occupied portion of Belgium.

There is an intense flare-up of rage among the liberated Belgians against some Flemings, who are accused of being German spies.

All Flemings so accused fled with the Germans. I saw several who had been left behind being paraded through the streets of Ghent. One woman who had associated with the Germans received the roughest treatment. A mob seized her and wanted to cut off her hair, and gendarmes had the greatest difficulty in rescuing her.

SWITZERLAND CRISIS IS SAFELY PASSED

WASHINGTON, Nov. 15.—Unconditional revocation of the general strike order in Switzerland by the Socialist committee was reported today in an official message to Swiss Minister Sulzer here.

The message regarding the despatch, as meaning complete suppression of the Bolshevik movement in Switzerland.

MADRID, Nov. 15.—Republican meetings were held here and at Barcelona last night. Alejandro Lerroux, the Radical leader, delivered an address in Madrid. Some arrests were made as a result of the demonstrations.

PARIS, Nov. 15.—The only news received from Switzerland up to a late hour today was a despatch saying President Calonder had announced in the national council that agitation had ceased and the troubles in Switzerland were ended. No Swiss newspapers have reached Paris in the past two days.

GENEVA, Nov. 15.—A general strike was begun in Switzerland last night, by order of the Soldiers' and Workers' Council at Olten. Federal troops were ordered to take charge of the situation, but have been unable to reach their destinations because railroad service was interrupted.

Troops against the Germans, who started the Bolshevik movement in Switzerland, is increasing.

RIOTING AT COPENHAGEN COPENHAGEN, Nov. 15.—A demonstration by the Socialists here against the imprisonment of rioting. Some street cars were wrecked and at places the tracks were torn up.

Some Swedish newspapers are publishing an appeal signed by 302 Danish associations demanding that Germany at the peace negotiations settle the North Schleswig questions on the basis of the rights of self-determination by all peoples.

During the revolution in Berlin 100 persons were killed and were buried in the Friedrichstrasse churchyard, according to reports received here today.

British Wireless Press Sees Little Evidence That Certain Elements in Hun State Intend Sincere Cooperation

BY UNITED PRESS. LEADS WIRE TO TRIBUNE.

LONDON, Nov. 15 (British Admiralty).—Wireless press today sees little evidence that certain elements in Hun state intend sincere cooperation.

The horse races at Karlsruhe have been cancelled. Officials of the course recently have feared to traffic under German rule. Linen in automobiles with the state receipts, through danger of being robbed.

A Frankfurt despatch says the grand duke of Saxe-Weimar has announced his willingness to abdicate, providing the safety of himself and his family is guaranteed.

The new German government has issued an appeal to the peasant population asking for the formation of peasants' councils for the purpose of organizing food supply. The appeal says that such voluntary self-organization will avert recourse to compulsory measures.

Influenza in Army Camps Now Checked

BY ASSOCIATED PRESS. LEADS WIRE TO TRIBUNE.

WASHINGTON, Nov. 15.—For the first time since Spanish influenza became epidemic in army camps at home, the surgeon general's weekly report shows the disease effectively checked, with indications of further improvement.

Figures made public today record a decrease of about one-third in number of cases for the week ending November 8, as compared with the previous week. The total was 6887 as compared with 18,175.

The epidemic now is wearing itself out in the west, the last section to be affected.

\$7,000,000 Tax Will Be Sought by U. S.

SAN FRANCISCO, Nov. 15.—Proceedings instituted by both the government and the heirs in connection with the inheritance tax claimed from the estate of the late Henry Miller of Miller & Lux have been dismissed in pursuance of an agreement arrived at for the heirs to pay \$2,500,000.

The money was paid under protest and suit will be begun for its recovery. At the same time the government will institute new litigation claiming \$7,000,000, the full amount of the inheritance tax assessed against the estate.

French and American Troops March to Metz; Evacuation Is Rapid

WASHINGTON, Nov. 15.—The State Department has asked Germany to address all the allies in making communications in the interest of all of them, rather than asking the United States alone.

PARIS, Nov. 15, 4:55 p. m.—French and American troops have occupied the advanced forts of Metz and are advancing toward the city.

The Germans are carrying out their evacuation faster than was expected. It is possible that King Albert will enter Brussels Sunday.

The last of the German armies has retired beyond the borders of France, it was unofficially announced this afternoon.

German civil and military authorities were in conference at Nancy today with Albert Thirman, state councillor for the Metz district, relative to assumption of the administration of Alsace-Lorraine by French officials.

The present schedule calls for the French to enter Metz on Monday, strictly for the purpose of military occupation. Strassburg will be occupied about November 25. The official ceremonies in connection with restoration of the "lost provinces" will be held the first of December.

PARIS, Nov. 15 (By the Associated Press).—The naval terms of the German and Austrian armistices are being carried out rapidly.

LONDON, Nov. 15 (By the Associated Press).—The German cruiser Königsberg, which is carrying the German delegates to arrange the naval terms of the armistice, will be escorted to a point at sea, where the German delegates will meet Admiral Sir David Beatty, commander of the British grand fleet.

AMERICAN MISSION WILL GO TO SPA

LONDON, Nov. 15.—An American mission commanded by Major-General Charles D. Long, for Spa, German headquarters, Marshal Foch announces in a wireless message to the German high command.

From the allied high command to the German high command at Spa: American mission consisting of six officers and nineteen soldiers, in nine motor cars, will leave for Spa on the morning of the 16th inst. The mission is headed by Major-General Long, accompanied by Major-General Foch, Major-General Smith, Major-General Jones, Major-General Brown, Major-General White, Major-General Black, Major-General Green, Major-General Grey, Major-General Gold, Major-General Silver, Major-General Copper, Major-General Lead, Major-General Zinc, Major-General Tin, Major-General Iron, Major-General Nickel, Major-General Cobalt, Major-General Manganese, Major-General Magnesium, Major-General Potassium, Major-General Calcium, Major-General Sodium, Major-General Potassium, Major-General Calcium, Major-General Sodium, Major-General Potassium, Major-General Calcium, Major-General Sodium.

POLAND EVACUATION BEGUN BY GERMANS

LEADS WIRE TO TRIBUNE. LEADS WIRE TO TRIBUNE.

PHENIX, Nov. 15.—German evacuation of Poland has begun, it was reported from Berlin today.

LONDON, Nov. 15.—If the reported anti-semitic program in Warsaw is confirmed, the government will view it as encouragement to the forces of disorder and violence which are threatening the population between the Rhine and the Volga.

The allies are ready to land their whole resources for restoration of the left bank of the Rhine. Life in those countries desiring order and civilization. But if the peoples of the Central empires are disorderly, it was intimated today, the allies will only be able to wait for restoration of conditions leading to the processes of peace.

In reply to the proposal of the commanders of the German armies that they immediately hand over prisoners and materials, Marshal Foch has notified the German high command that the allies will only be able to take them over until the armistice commission is in office, said a French wireless despatch today.

General Debeny complains that he has received no information from the Germans about the location of prisoners, saying that the allies are in a position to receive instructions regarding railway traffic, navigation and telegraphic communications.

Joukhier Colyn Expected to Form New Government in Effort to Head Off Revolt; Ex-Emperor Now Interned

BY ASSOCIATED PRESS. LEADS WIRE TO TRIBUNE.

LONDON, Nov. 15.—The threatening attitude of the extremists in Holland, who have demanded the abdication of Queen Wilhelmina, causing anxiety at The Hague, according to the Daily Express.

Joukhier Colyn, the former minister of war, who has been in London since July, returned to Holland Thursday. He was recalled, the Daily Express believes, to take charge of the government. The former minister has great influence in Holland and several times has refused the request of the Queen to form a new government.

BY ASSOCIATED PRESS. LEADS WIRE TO TRIBUNE.

THE Dutch government has issued a proclamation urgently appealing for the cooperation of citizens in this "grave crisis." It says the rule is threatening to seize power and declares its determination to maintain authority and order.

LONDON, Nov. 15.—The situation in Holland is becoming more serious, despatches received by the Express declare today.

The Socialists are demanding abdication of Queen Wilhelmina. Joukhier Colyn, former Dutch director of the Hague, and it is believed will be charged with formation of a new Dutch government.

Now in their hands and they have ordered the former German garrison at Amerongen castle, which is under a triple guard of troops, said a despatch from The Hague to the Daily Mail today.

Says Soldier Singing Is Worse Than Shells
CLEVELAND, Ohio, Nov. 13.—According to a letter received here from France by friends of Private F. C. Hardy of Cleveland, all of the American soldiers at the front sing while in the trenches, during an attack or while on rest periods. "The shriek of the shells is pretty bad at the front," Hardy wrote, "but it is not so bad as some of the singing at that."

NEW THEORIES, NO FACTS, ON MISSING GIRL

SPEED BRIDE IS UNKNOWN TO "MOTHER"

Has the disappearance of Josephine Silva sometimes called Margaret, the 4-year-old daughter of Mrs. Joseph Silva and her husband, known in racing circles as Joe Galindo, back of it an old feud of the racing course?

Are there family reasons for the spiriting away of the little girl from the Municipal Auditorium Hospital?

Did some lonely woman fall in love with the dark-haired, dark-eyed child and carry her for her own?

Was some kindly soul touched at the youth and illness of the child and has been so busy caring for her that she is ignorant of the search that is being made or perhaps is unable to read English and does not realize how important it is that the whereabouts of Josephine should become known?

Is Josephine Silva dead?

MANY SEEK ANSWERS.

These are the questions which the police department and friends of the family are asking. In the meantime no information regarding the child who was delivered at the Auditorium Hospital from the Prosser nursery and taken to a ward by an attendant named Cook on the morning of October 29 is to be had.

Joseph Silva, otherwise known as Galindo, who suffered a relapse and was returned to the Auditorium after the discharge of himself, wife and elder daughter, Amelia, was last night taken to St. Luke's hospital in San Francisco. A sister called for him with a San Francisco ambulance and superintended his removal. Mrs. Silva was not present.

It is definitely established that the clothes of the little girl were called for at the Auditorium and delivered to some person since November 1, and before attention was called to the fact that Josephine was missing. Mrs. Silva or her friends do not admit that they have received them. The police have under suspicion several persons whom they have questioned closely and who are believed to be able to furnish important evidence.

MOTHER IS BRAVE.

Mrs. Silva, mother of the lost child, is bearing her grief with fortitude. She does not believe the child is dead. She is apparently cheerful at the outcome. Mrs. Galindo Silva, her mother-in-law, who yesterday was at the Silva home, has returned to San Francisco.

Neighbors are freely discussing the fact of the many disagreements between the Silvas and the family which apparently existed. It is asserted that Silva has left his wife on several occasions and that friends of the one family had nothing to do with friends of the other. The elder child, Amelia, who is convalescent from influenza, is remaining with a family by the name of Hoffman in Berkeley.

None of the clues which have been followed up to date have developed anything worthy of attention. However, it is expected that within a few hours the mystery of the child's disappearance a short time after her arrival at the Auditorium will be revealed.

SEEK OTHERS IN DIPLOMA RING

No further arrests were reported today in connection with the alleged swindling scheme through which, according to the state medical examiners, Thomas McNamara, who was arrested in Los Angeles on a federal warrant, has collected \$600 from building Japanese medics in California cities. The defense in the state medical examiners' court is that McNamara was a legitimate interpreter for the state medical examiners.

The alleged swindlers are said to be promising applicants that they will be "put through" the state medical examination for a consideration. Warrants for five other Orientals accused of being members of the alleged gang of schemers have been issued and arrests are expected soon.

Matsuye Susaki, a Japanese girl, and one of the alleged swindlers, committed suicide yesterday at Vacaville. She was to have been taken into custody today.

ASK COUNCIL TO KEEP MASKS ON

BERKELEY, Nov. 15.—First formal commendation of the anti-flu ordinance compelling the wearing of masks was received this morning by the Berkeley city council in a communication from the Berkeley Defense Council, urging that the ordinance be continued to be worn until the last sign of influenza has vanished.

The commendation of the corps follows a flood of protests which has descended upon the city officials for passing the ordinance.

Forty cases of influenza with one death were reported to the Berkeley health officials yesterday. These, it is stated, represent but nine new cases in Berkeley proper and eleven at the California school for the deaf and blind, where 25 children are now down with the malady. The remainder of the cases are declared to be at least a week or so old, the large figure showing no new outbreak of the disease in the city, according to the health officials.

Berkeley's theaters are preparing to open tomorrow while churches will resume services Sunday at all persons attending either the churches or theaters are warned by health officials to wear their masks.

Military Service in Canada Suspended

OTTAWA, Nov. 15.—First steps toward suspension of the military service act in Canada have been taken. Orders issued by the department of militia and defense call for the immediate disbanding of the civil section of the military police, who have been used to apprehend defaulters and deserters and persons in connection with the military service act.

WITH THE AMERICAN ARMY.
Nov. 16.—"Beer is only six cents a glass here and ten cents a glass in Chicago," said a Doughboy sitting on the terrace of a brasserie in a certain town behind the American front in Lorraine and reading a newspaper printed in English in Paris.

"We don't do us much good, because we ain't supposed to be allowed to get any drinks, but occasionally we can get a 'beer,' as these people call a small beer, or a 'denit,' as they call a large beer."

"But it sure tickles me—that the skin you at all on French beer as they pour it into the glass slowly and there is practically no 'collar' on it at all."

Giant 20,000-Ton Drydock, Plan Moore Company to Build Ways

A million-dollar floating drydock, capable of cradling a 20,000-ton ship, is a post-war project of the Moore Shipbuilding and Dock Company which is approaching fruition. For some time the Moore management has been gathering cost estimates and other data incidental to actual construction work, and it is reported that the matter has now reached the stage where the preliminary plans for the huge floating shipways are about to be drawn. These plans will provide comprehensive facilities for the construction and repair of all sizes and types of ships, and are, it is said, to be carried out with an especial view to the building of large passenger vessels of the tonnage and type referred to by Director General Charles M. Schwab of the United States Emergency Fleet Corporation in a recent communication to the heads of the country's steel shipbuilding plants. As outlined by Schwab these vessels will have a displacement of 20,000 tons.

OTHER LARGE SHIPWAYS. There are three new shipways at the Moore plant, built for the purpose of constructing 20,000-ton transports for the federal government, that are already available for passenger ship construction under the changed conditions which have followed the signing of the armistice. It is anticipated that a keel will be laid on each in the near future. The other seven shipways at the Moore plant are at present in various stages of construction. Some months ago the Moore people went quite extensively into the matter of constructing a large floating drydock, but the plan was temporarily laid aside in the interest of the government's shipbuilding program and the necessity for giving priority transportation to consignments of ship steel. This was done, it is said, at the request of the United States Shipping Board. With the prospect of permanent peace and the relinquishing of government control of shipyards, at least in a partial sense, the Moore people have revived their drydock project with the intent of pushing it to completion as soon as transportation and manufacturing conditions will permit.

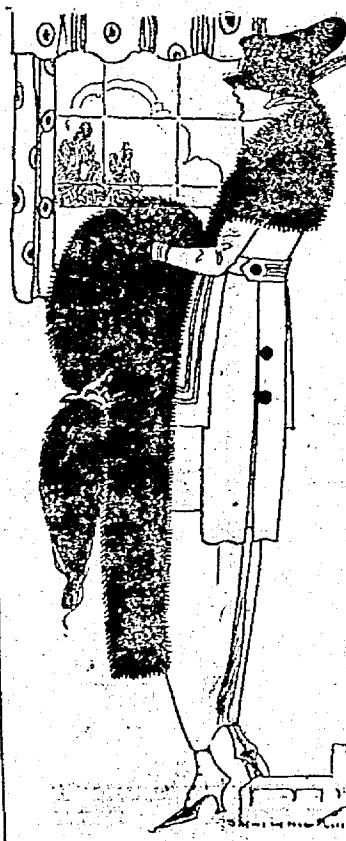

LARGEST ON COAST. The proposed drydock, which it is said is to be the largest on the Pacific Coast, is to be located to the west of the main plant of the company on the property of the Western Pacific Railway. This property is reported to have been turned over to Moore's by the United States Railroad Administration through agency of the Shipping Board. As long as present conditions prevail the dock will, it is said, remain at that point, but should the property revert to the railway company again it will be filed to the east end of the Moore plant in the vicinity of the Howard wharves. The Moore people are now negotiating with the city of Oakland for use of the municipal dredger for cutting a channel to the site of the dock. The Moore management announces that none of its contracts with the government has been cancelled and none is to be cancelled. They have contracts enough to keep the plant busy at its present capacity until the end of 1919. By that time it is figured that trade and commerce will have assumed some of

its normal aspects, and this shipyard purposes to be ready to take advantage of the return to peacetime competition.

Mrs. M. H. Roberts Is Called by Death

Mrs. Minerva H. Roberts, for fifty years a resident of Sacramento, died at her home, 1632 Vista street, yesterday, following an illness of a week. Mrs. Roberts lived alone with her servants in Fourth Avenue Heights. None of her friends or neighbors learned of her sickness until after her death. Mrs. Roberts was a widow of the late Captain John Roberts of Sacramento. She has been prominent in the Eastern Star and the Ladies' Relief Corps.

Girl Makes Good in Blacksmith Work

BUFFALO, Mo., Nov. 15.—Miss Hazel Crossen of this city, when out of her work hours, plays the piano, sings, tucks for the soldiers, does housework and other womanly accomplishments.

In her work hours she is a blacksmith. Her father, W. O. Crossen, owns a large blacksmith shop here. Every time he hired a new man General Crowder, also a Missourian, took him. At last Hazel said: "Why not hire me?" Her father did. As yet she hasn't shed a wild horse. Walker Shoe Co. has bought the Sorois shoe stock.—Advertisement.

WOMEN OF GERMANY ASK U. S. FOR AID

WASHINGTON, Nov. 15.—Appeals addressed to Mrs. Woodrow Wilson and Miss Jane Addams, of Chicago, on behalf of the women of Germany, asking that the armistice terms be modified to prevent "unspeakable disaster," have been sent from the German wireless station at Nauen. They were picked up by the military intelligence radio at Haulton, Me., and were made public tonight by the War Department.

The appeals were both signed by women. The message to Mrs. Wilson follows:

"Berlin, November 12, 1918.

"To Mrs. Woodrow Wilson, White House, Washington, D. C.

"Madame: According to the terms of the armistice Germany has to surrender a very large part of the rolling stock of her railways. At the same time she has to feed the troops of her former enemies in the occupied provinces of Germany.

"The German women and children have been starving for years. They will die from hunger by the millions if the terms of the armistice are not changed. We need the rolling stock of the railways to bring the food from the farms to the cities.

"It will be impossible to feed the soldiers of the occupying armies if we cannot get large amounts of food from overseas.

"The women and children all the world over have been the innocent sufferers of this terrible war, but nowhere more than in Germany. Let it be through you, Madame, to improve our sisters in the United States of America, who are mothers like ourselves, to ask their government and the allied governments to change the terms of the armistice, so that the long suffering of the women and children of Germany may not end in unspeakable disaster.

"For the national council of women of Germany.

(Signed) "GERTRUD BAUMEIER.

"ALICE SOLOMON."

The message to Miss Addams follows:

"Poz, November 13, 1918.

"To Jane Addams, Hull House, Chicago:

"German women, foreseeing entire famishment and misery for their country, urge their American sisters to intercede relief of truce conditions regarding term of demobilization, blockade, wagons, locomotives. We are all free voters of a free republic, now, greeting you heartily. (Signed) "ANITA AUGSBURG."

CHICAGO, Nov. 15.—Jane Addams, interviewed here today, opposed the idea that the wireless message addressed by certain German women to Mrs. Woodrow Wilson and herself are part of a German propaganda plan.

"I know Mrs. Augsburg perfectly well," said she, "and while I have not received the message as yet, I do not think these women would lend themselves to any propaganda."

"Gertrude Baumeier is one of the best known women in Germany and she edited a German woman's paper. She is not a pacifist."

"Miss Hyman and Mrs. Augsburg were delegates to the peace conference at The Hague."

"These are all women of character."

Miss Addams declined to say what action she will take in the matter of the message.

It was said at the White House today that any reply which might be made to the wireless appeal addressed in the name of German women to Mrs. Woodrow Wilson for aid in securing a modification of armistice terms, probably would go through diplomatic channels.

WOULD TAX CHILD LABOR OUTPUT

WASHINGTON, Nov. 15.—An amendment to the revenue bill designed to control child labor in the United States by placing a prohibitive tax on the products of child labor was introduced in the Senate this afternoon by Senator Pomerene of Ohio.

The amendment was said to have the approval and support of President Wilson.

A tax of 10 per cent on the entire net profit of any mine or quarry employing children under 16 years and any mill, cannery, workshop, factory or manufacturing establishment employing children under 14 years, and children between 14 and 16 years more than eight hours a day, would be levied under the amendment.

The amendment provides, however, that the tax shall not apply against employers who are punishable by fine of not less than \$100 or more than \$1000 and imprisonment for not more than three months.

The amendment was prepared by Senators Pomerene, Lenroot and Kenyon to replace the Fairchild labor law, recently declared unconstitutional by the supreme court.

Denounces Wilson; Jailed for Sedition

Leon E. Purcell, an automobile mechanic, was arrested yesterday by Officer George Hall, charged with violating the Jackson anti-sedition ordinance on complaint sworn to by Mrs. Elizabeth Leach. Purcell is charged with having made seditious remarks about the president, calling him, among other things, a traitor. He is being held pending further investigation by the Federal authorities.

Drummer Doing His Bit

"I am a traveling salesman and have met others who, like myself, were suffering from indigestion, stomach trouble and gastritis. Since taking three weekly doses of May's Wonderful Remedy I am very much pleased with its results, so much so that I have induced others to take it and they too were marvellously helped." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Osgood's Dept. Drug Store and druggists everywhere. — Advertisement.

Robison Named to Naval Commission

PARIS, Nov. 15.—Rear Admiral S. S. Robison has been appointed American

member of the naval commission to arrange for the execution of the naval terms of the German armistice. Rear Admiral Robison arrived here Monday from the United States, and on receipt

of his appointment left yesterday for London to take up his duties. Rear Admiral Bullard has been appointed American representative to see to the carrying out of the naval terms of the Austrian armistice. He is now proceeding satisfactorily.

at Pola, the great naval base in the Adriatic, and has telegraphed Admiral William S. Benson, American chief of naval operations, that the execution of the naval terms of the armistice are proceeding satisfactorily.

RESINOL CLEARS AWAY EMBARRASSING PIMPLES

March 30.—"Some time ago pimples began to appear on my forehead, and spread so that people remarked about them, and I didn't like to go anywhere on that account. I tried various creams, soaps and skin remedies, but nothing seemed to help me. A friend of mine who had the same trouble told me she cleared her skin with Resinol Ointment and Resinol Soap, so I tried them. After the first application all the redness and soreness disappeared, and after two or three applications my friends began to ask me what I used, my face looked so much better."

"Now I can go to places without being ashamed of those awful pimples, and I will never be without Resinol Ointment and Resinol Soap." (Signed) Miss Jessie Torrance, 67 Beech st., Rutherford, N. J. All druggists sell Resinol Ointment and Resinol Soap.—Advertisement.

After 9 Years of Internal Baths

Mr. Addison L. Williams writes Dr. C. A. Tyrrell of New York as follows: "Regarding the 'J. B. L. Cascade' I have not taken \$10 worth of medicine since obtaining it about 9 years ago. You can be free of biliousness and constipation, with all the ills which they induce, by an occasional internal bath. 'J. B. L. Cascade' administers the medicine scientifically, it being an invention of Chas. A. Tyrrell, M.D., of New York, a specialist on internal bathing. By the proper application of Nature's law, it permits every function to work in harmony and without clogging—hence it makes one consistently bright, capable and well. The Owl Drug Co. will send you, and explain the 'J. B. L. Cascade' to you, and will also give you one on approval. It is a most reliable, portable bath on internal bathing, written by Dr. Chas. A. Theaters Tell of Opening Bills Masks Still Have to Be Worn

Tomorrow—shows again! Oakland's theaters, after remaining dark during the influenza epidemic, flash on their electric signs and raise their curtains, announcing tomorrow matinee, with many stellar features to be presented to celebrate the passing of the "flu" and the advent of public amusement again.

Every theater in Oakland will be opened tomorrow with the exception of the Macdonough and Ye Liberty, which will not open for another week. Those who attend must still, for a period, wear their masks.

For weeks actors have waited in Oakland to return to work again. Several vaudeville bills have been waiting here, and two stock companies have "laid off" during the enforced three weeks' "vacation."

UNUSUAL PROGRAM AT THE ORPHEUM.
At the Oakland Orpheum, beginning at the matinee tomorrow, there will be a bill of nothing but headliners. Since the closing of the theaters, actors have traveled to Oakland, and there waited for orders. Acts enough for four complete vaudeville bills, all great ones, too, assembled here. Then came the news that the theaters could open.

Manager Harry Cornell could do only one thing—take the top liners of each waiting bill. The result—the most highly paid aggregation of talent ever assembled in an Oakland theater; the most remarkable aggregation of talent ever assembled on one program.

It is a vaudeville curiosity, a bill entirely to make up of Orpheum "higher-ups." They will be divided among other programs again, Oakland will be the theater to watch.

T. & D. WILL OFFER NEW ORCHESTRA.
The T. & D. theater management lays claim to one of the most attractive programs in the city. Since the closing of the theaters, actors have traveled to Oakland, and there waited for orders. Acts enough for four complete vaudeville bills, all great ones, too, assembled here. Then came the news that the theaters could open.

FARNUM IS FIRST AT THE AMERICAN.
The American theater will present tomorrow as its opening attraction the musical comedy "The Rainbow Trail," starring William Farnum.

"The Rainbow Trail" while a sequel to Zane Grey's story "Riders of the Purple Sage," the pictureization of which made such a tremendous sensation when presented at the American theater some months ago, is a complete production in itself and will be equally enjoyed by those who have seen and those who have not seen the latter photoplay.

Another feature will be presented—the new American theater symphony orchestra, composed of fourteen soloists under the direction of Leon Rosebrooke. The theater has volunteered the entire net receipts of the Saturday afternoon and night performances to the United War Work campaign.

VAUDEVILLE IS TO RETURN TO PARKADES.
Parkades theater re-opens with the matinee tomorrow with the regular bill of vaudeville. The net receipts of the Saturday and Sunday performances will be donated to the United War Workers fund. The bill that starts with a variety of vaudeville acts all through next week and includes the big musical comedy revue, "Oh, Charley!" starring Victor Kahn, Blanche Boone, Ina Mitchell and a chorus of twelve young women. Regal and Mack comedy playlet entitled, "At the Book Shop," Bernard Wheeler and Adele Trotter in a singing and dancing number called, "A Phoney Episode," Sherman Van and Hyman in "Harmonious Non-sense," Broadway Brown and his orchestra, a patriotic song revue, illustrating "The Rose That Grows on No Man's Land," and the fifth episode of "Tanda Up" with Ruth Roland.

BILL HART TO COME TO KINEMA.
Bill Hart, coddling a kid, and terrorizing a whole town as a mysterious, individual with a mission, is the part he plays in "Raiding Gavine" at the Kinema on its re-opening, tomorrow at 11 a. m. All of the net proceeds taken in by the Kinema and Franklin theaters on the opening day will be given to the United War Work campaign, according to the offer made by Bill Hart, the general manager of these theaters.

With this rugged, double-distilled lighting-like feature play, "The Kinema" will also present one of those MacSennett comedies, that start off with a splash of lighting and end up in a riot. The balance of the program consists of the latest filmed news re-leased Saturday from New York and a trip to the Fiji Islands with Burton Holmes.

DOROTHY DALTON TO OPEN FRANKLIN.
"Vive La France" is the appropriate play at the Franklin theater, tomorrow, re-opening day.

Dorothy Dalton must have had in mind the tremendous victory we have just had the closure we have just suffered, when she selected this play for the occasion. It not only has been a more appropriate play, chosen just for this occasion, and its cost of living, but it is a real triumph of a victor's day, similar to our own of last Monday. The total net proceeds taken in at the Franklin and Kinema theaters will be donated by Manager Emil Kehrlein according to an offer made by him yesterday to the United War Work campaign.

Also on the program is to be shown one of those wild Sunshine comedies, with a troupe of lions that smash through demolishing everything as they go. Also the latest News Weekly.

MAUDE FULTON IN "THE THREE BEARS."
Maude Fulton announced today that her production in the Fulton playhouse when the authorities permit the re-opening of theaters tomorrow will be a showing of Edward Childs Carpenter's famous play "The Three Bears." In which she will personally appear, as Miss Glimlocks. Paul Harvey will be the "little bear," and the other "bears" will have adequate eloquence given their roarings by the various members of the Fulton players' company.

During the time the Fulton theater has been closed Miss Fulton and her associates have been far from idle. "The Three Bears" has been given daily rehearsals, so that a remarkably smooth and convincing performance of the play should result.

BERKELEY MORE THAN HALF OVER

TRIBUNE BUREAU, 2011 SHATTUCK AVE., BERKELEY, Nov. 15.—Berkeley is today more than half way on her march over the top in raising its quota of \$107,000 set as the college city's share in the National War Work drive.

At 9 o'clock this morning the sum of \$49,420 had been pledged to the Berkeley fund, for cheering the boys in France, \$12,219.18 of that amount representing yesterday's subscriptions. The University of California has raised \$1,359 in its quota of \$50,000, and is confident of going over the top by Saturday.

In the interest of the war work drive a mass meeting will be held at 3 o'clock Sunday afternoon at the Greek Theater under the direction of the committees of all the bay cities. Charles C. Titus, former divisional secretary of the Y. M. C. A. in the Verdun sector and winner of the croix de guerre, will be the principal speaker. Titus was sent to this country to talk in the interest of the fourth Liberty loan and is devoting his efforts to the present drive.

American Theatre Announces Big Orchestra as Feature

LEON ROSEBROOK, eminent musical director, whose symphony orchestra will be a regular feature at the American, commencing tomorrow.

It is with pleasure and justifiable pride that the management of the American theatre announces that Leon Rosebrook, master musician and director and his symphony orchestra of fourteen soloists become a permanent musical feature at the American commencing tomorrow night.

The management of the American, believing that the people of Oakland and vicinity will enthusiastically welcome and appreciate a high-class musical organization, has spared no expense in bringing to this city the best orchestra that has ever played regularly in any theater this side of the bay.

Rosebrook, a musician of wide experience and rare accomplishments, has established an enviable reputation as a pianist, organist and skilled musical director and his excellent work has attracted favorable attention and recognition in every city of importance from the Atlantic to the Pacific.

When it is stated that this accomplished musician has been diligently at work for the past two months in assembling and rehearsing the superb organization he is bringing to the American, music lovers of this city and the bay district will realize what a splendid musical treat is in store for them and will await in joyful anticipation the first appearance of this splendid symphony orchestra at the American theater tomorrow night.

Rosebrook has occupied with conspicuous success many important positions in the world of music and his experience as director includes several seasons with the Roman Grand Opera Company and with the Ravani Grand Opera Company; a number of seasons as director with Kelli and Dill and "Canary Cottage," and three seasons over the Orpheum and Keith circuits as director and pianist with vaudeville acts.

In addition to his great ability as a director, Mr. Rosebrook is a pianist and organist of rare talent and a most unusual player in many respects, one of his accomplishments being his great skill in improvisation, an art which few musicians possess and which is very essential in the playing of music which closely follows the action of the silent drama.

The opening attraction at the American will be "The Rainbow Trail," sequel to the famous production, "Riders of the Purple Sage," with William Farnum starred.—Advertisement.

SCOTCH PAY TRIBUTE TO DEAD AND U.S.

BRIDGEND, ISLAND OF ISLAY, Scotland, Oct. 12 (Correspondence of the Associated Press).—The time-hallowed custom of singing "God Save the King" at the conclusion of every formal ceremony was broken at the funeral services last Friday for the American soldiers who lost their lives with the sinking of the transport Otranto, in collision off the Scotch coast with the Kashi-mir.

As a tribute to the American soldiers, buried side by side with the naval officers and men from the wrecked British transport, the British national anthem was followed by the singing of "The Star Spangled Banner," in which the entire assembly, which included several high naval and military officers and virtually the entire population of the island, joined. Few knew the words, but the islanders carried the tune with their soft Gaelic voices, standing with their heads bared to the sharp wind from the sea.

It was a delicate courtesy that was deeply appreciated by the United States Army officers and American Red Cross officials present.

To attend the funeral, the islanders came from the remotest parts of Islay, some driving thirty miles in the springless, jolting "box cars" familiar to Americans who have toured Ireland and Scotland.

Up to that time the bodies of 199

HINDENBURG STILL U. C. NAVAL UNIT CLAIMS COMMAND NOT MUSTERED OUT

BERLIN, Nov. 15.—Field Marshal von Hindenburg has issued a proclamation to the German army, saying: "The ever growing number of our enemies, the exhaustion of our allies and the urgent crisis in the provisioning of our country have forced us to accept the hard conditions of the armistice. By the terms of the armistice we are obliged to return rapidly to the fatherland, which is a heavy task. You will never be abandoned by your field marshal in the struggle."

"To all, and especially the army group under Field Marshal von Mackensen (in Rumania), I remain, as hitherto, the head of the supreme army command, in order to lead the troops home in order and discipline. I expect the command, staffs, officers, non-commissioned officers and men to continue to do their duty."

He also ordered the bodies of the Otranto's captain, G. W. Davidson, and the ship's chief engineer to the burial ground.

The Laird of Islay's pipers headed the cortege, playing Scotch dirges as they marched. Then came the firing party, with arms reversed; next, the three clergymen of the island—the Rev. Donald Grant, of the Scotch Presbyterian church; an Episcopal minister, and a Roman Catholic priest. Then came the bearers of the British and the American flags, the latter being Sergeant C. A. McDonald, of Galesburg, Ill., one of the survivors. United States Army and American Red Cross officers marched, followed by British naval and military officers, the laird, Hugh Morrison, and other prominent men of Islay.

TRIBUNE BUREAU
2011 SHATTUCK AVE.
BERKELEY, Nov. 15.—Mustered out of each in the Naval Reserve will not apply to the naval unit on the University of California campus, according to officials of that body today.

Word has been received from Washington ordering that all work of the

naval branch on the campus continue according to wartime schedule, but no change, permitting men so desiring to be mustered out of the service.

Plans are being awaited from Washington by Admiral Gover, commander of the naval unit on the campus, concerning the future of the organization. According to the unofficial statement of officials, it is declared likely the unit will become a permanent institution on the Pacific Coast.

Break a Cold In Few Hours

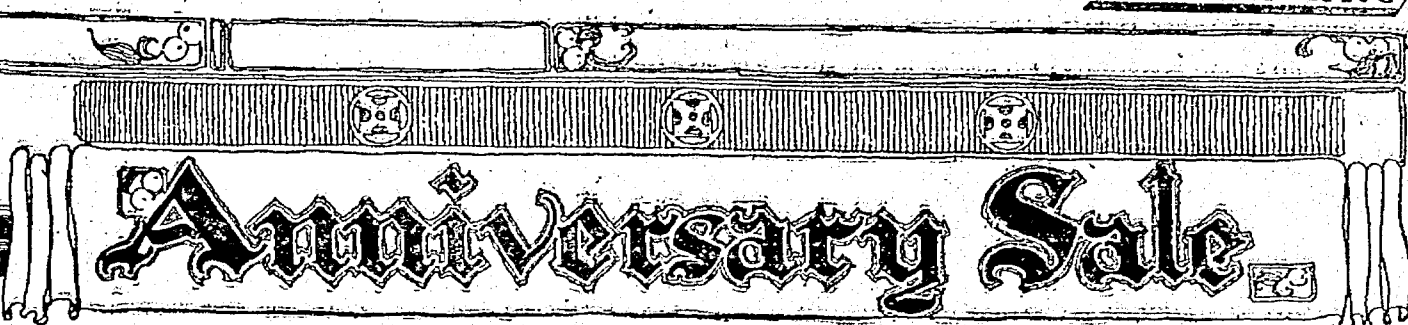

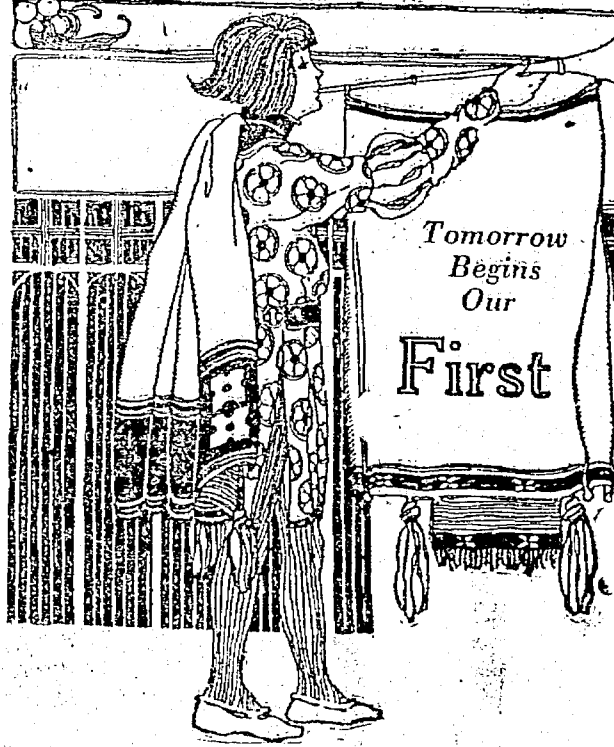

First dose of "Pape's Cold Compound" relieves the cold and gripe misery—Don't stay stuffed up!

Relief comes instantly. A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Advertisement.

FRAMING NEW ZONING PLANS

ALAMEDA, Nov. 15.—The zoning of Alameda's residence, industrial and commercial districts is now under consideration. Various committees throughout the city have been appointed and are holding meetings at specified times to discuss the zoning problem, which in the last two years have become a most vital issue in Alameda.

The various committees are composed of representatives from the Chamber of Commerce, Business Men's League, Park Street Merchants' Association, North Side Improvement Club and Alameda Improvement Club.

A meeting of the Park Street Merchants' Association reported favorably on the ordinance which is now being drafted, and which is subject to changes according to the reports from the various committees. When the ordinance is finally completed it will be submitted to the city council. As it now stands it contains eight clauses which will regulate the erection of houses and industrial plants at various sections throughout the city.

Alameda Will Lift Flu Ban Tomorrow

ALAMEDA, Nov. 15.—As the result of a conference held yesterday in Oakland by Dr. A. H. Helms, Dr. Daniel Crosby and Dr. J. J. Benton, health officers of the bay cities of Alameda, Berkeley and Oakland, the ban will be lifted tomorrow from public gatherings throughout the city.

Superintendent of Schools C. J. DuFour does not consider it advisable to re-open the schools until Monday, November 25. At the health office yesterday four new influenza cases were reported with no deaths in the last 48 hours from the disease. At the emergency base hospital but eight patients are being rapidly restored to health, and on their discharge the hospital will be closed and the diet kitchen will be discontinued.

Yesterday seven families were provided with meals as well as patients and nurses at the hospital. The wearing of masks are not to be discontinued until all danger of a return of the epidemic is past.

Burglar Smashes Window With Hammer

BERKELEY, Nov. 15.—While endeavoring to smash the window of the home, a burglar gained entrance last night to the residence of Mrs. M. D. Dargatzis, 1200 Euclid street, and ransacked the house during the absence of the family. Neighbors seeing the broken window investigated and found a burglar lying on the table in the kitchen. The burglar was out of town.

George M. Mott, residing at 1312 Hawthorne Terrace, reported to the police this morning that his home had been entered through an open window during the night. A pass key was used by the thief who ransacked the home of Mott. The burglar was seen by Mott at 1007 Fourth street, where \$250 in money and a necklace was taken.

Thiefs during the night extended to the fashionable Hotel Shattuck, where Louis Gineau, a guest, was robbed of a revolver.

Officers Lose Out With French Girls

BERKELEY, Nov. 15.—American officers have no chance at all with the French girls.

It is the doughboys who win the hearts of the maidens overseas, writes Lieutenant Chester Cramer, former member of the 1914 class at the University of California, now in France.

"There are no men in town between 17 and 20," writes Cramer, "except a few exceptions and cripples, and practically no girls. Most of them I guess are in the factories in the bigger towns. A few girls there are are immediately grabbed by the doughboys. U. S. Private. An officer has no show at all. The girls flock either to the privates or to the doughboys and lieutenant-colonels—mostly to the enlisted men."

Alameda Still Far Below Allotment

ALAMEDA, Nov. 15.—Returns from the U. S. W. W. campaign in Alameda are far below the expectations of the committee. The amount subscribed to date is but \$8000. The quota for the city is \$35,000, which must be secured by Saturday night. This is the first time since the committee was organized that the quota has not been met.

The Alameda school children are doing their duty far better than their elders, and every Boy Scout in the city is wearing a Victory Boy's button.

Only One-Fourth of U. W. W. Quota Raised

RICHMOND, Nov. 15.—Total receipts on the United War Work campaign in Richmond as checked by the general committee last night amounted to \$666.25, a little over one-quarter of the \$2,500 quota. The committee is asked to make a big effort to do the balance by Saturday morning.

General Chairman John L. Rinn and his workers speeded up the campaign in all departments today. Among the factories the men are being asked, if possible, to give a day's wage to the campaign.

Bonds Are Stolen From Tool Box Bank

ALAMEDA, Nov. 15.—A tool chest is no place to hide Liberty Bonds, Nels Lengua, an employee of the tool chest plant, has discovered. When Lengua went to his tool chest late yesterday afternoon he discovered the lock had been tampered with, and many high priced tools had been taken, as well as the bonds. He gave the number of the bonds to the police.

Alameda Draftees Are Sorely Grieved

ALAMEDA, Nov. 15.—The men who were to have been in the selective service on November 12 are coming in to the Alameda draft board, and many of the faces are sad. The men are to be obtained so they can enter the service. A large number of the boys are in the nineteen and twenty-year-old class and camp life appeared strange to them. Their failure to go to camp is to them a big disappointment.

WOMAN IS HONORED. Mrs. Lulu Roe, prominent fraternal woman of this city, has been given an appointment as a national representative of the Order of the Ladies of the G. A. R. from the national president of the order has been first president of Richmond Circle and has been active in its affairs.

ROBBERY OF \$150. RICHMOND, Nov. 15.—A trace has been found by the police of the hold-up of the three men who held up Frank A. Hawthorne and took \$150 from him yesterday. The men were arrested in this city by one man and the others were waiting when he got off a street car.

Navy Canned Goods Unloaded at Richmond

RICHMOND, Nov. 15.—Unloading of the first carload of canned goods assigned to the U. S. Navy began yesterday at the Richmond Navy yard. The goods to be used as a storehouse for military goods. It is expected that a million cases of food will be placed in the wharf. The placing of the huge electric cranes in position has been accomplished without mishap and the wharf is now in a position to handle incoming and outgoing loads.

Oil Stove Explodes; Firemen Rescues Man

RICHMOND, Nov. 15.—An oil stove exploded yesterday afternoon in a room occupied by John Miller at 514 Macdonald avenue. Miller was asleep at the time, and was nearly suffocated by the smoke and flames. He was rescued by firemen. Black smoke, pouring from the room through the open window, attracted the attention of a large crowd on the avenue.

AFTER BIOGRAPHIES

RICHMOND, Nov. 15.—Short biographies of all volunteer and drafted soldiers from Contra Costa county, together with data covering Liberty Loan, War Savings and other war work, are being gathered by the War History Committee of the county, headed by Senator Will H. Sharkey of Martinez. Other members of the committee are: Dr. Tinning, W. R. Lane, Mrs. Alice G. Whitbeck and W. A. Rugg.

TRUSTEES DONATE

EL CERRITO, Nov. 15.—On petition of Trustees Kirk Gray the El Cerrito board of trustees last night voted \$25 to the United War Work campaign. Resolutions of condolence were adopted to the family of Louis C. Hagan, the only El Cerrito boy killed in battle.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat

DIZZY, NERVOUS SPELLS?

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them like you relieve your bowels; removing all the body's uric waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatism twinges. The urine is thick, full of sediment, channels often get sore, water scale and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once, or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get more active. This is made from the acid grapes and lemon juice, combined with lithia, and has been used for generations to clean the urinary system. It is inexpensive, does not injure and makes a delightful, effervescent lithia-water drink.—Advertisement.

THE WOUNDS OF FRANCE.

Captain Andre Tardieu, speaking in New York city on the day Marshal Poch handed the Ally armistice terms to the German commissioners begging for peace, recounted a few of the misfortunes of France. After passing over the fact that France has lost 2,500,000 men, one-fifth of her population, and incurred expenditures amounting to \$25,000,000,000, Captain Tardieu spoke of the other wounds of France.

"The territories which have been under German occupation for four years," he said, "are now in a state of ruin ever worse than we had anticipated."

The very ground is torn, overturned, laid waste, damaged with shell splinters, and for months, maybe for years, unfit for production. The fruit trees have been cut, sawn down to the level of the ground, systematically struck dead by the invader. Of the cities and villages, nothing remains but ruins; 350,000 homes have been destroyed. To build them up again—the building proper, without the furnishings—600,000,000 days of work will be necessary, involving together with building material, an outlay of \$2,000,000,000.

As regards personal property of every description either destroyed by battle, or stolen by the Germans, there stands an additional loss of at least \$800,000,000. This does not include the countless war contributions and fines by the enemy, amounting also to billions.

In those wealthy lands no agricultural resources are left. The losses in horses and in cattle, bovine and ovine species, hogs, goats, amount to 1,510,000 heads—in agricultural equipment to 454,000 machines or carts—the two items worth together \$1,200,000,000.

There are other victims in their terrifying nature. All tell the same story—the systematic, brutal, savage effort of the Hun to destroy, not France's military power, which was a legitimate object of warfare, but to destroy the French people. It was in the Prussian military code that war should be waged on the whole people of a nation—women and children as well as men. They executed this idea with a vengeance.

When they destroyed the fruit trees and the gardens of northern France, and when the German people at home made a holiday of the desolation, they little thought that there would come an hour when they would beg food of France. But that hour has arrived. Germany must appeal to that human sentiment she long held in contempt. And she must be patient about it, recognizing that there are other hungry mouths in the world.

It is a bitter hour for the thief and vandal.

THE DEFEATED STATE BONE-DRY AMENDMENT.

To the Editor of The Tribune:

There is a great misunderstanding of the vote for the state bone-dry amendment on the part of some newspapers and some people. This amendment and ratification of the federal constitutional amendment are two distinct and entirely different matters. Many voted against the state dry amendment who are heartily in favor of the national dry amendment. Some do not understand how this can be. I think I can make it clear to your readers, if they will bear with me for a few minutes.

The great Fresno convention, representing all the temperance elements of the state, radical and conservative, decided by a vote of more than two to one not to put on the ballot a state dry amendment. The plan adopted was to concentrate upon the election of a governor, lieutenant-governor and dry legislature to secure the ratification by this state of the national dry amendment. Throughout the campaign the vast majority of the temperance voters devoted what time and money they wished to give to this purpose.

Some time after the ratification committee, established by the Fresno convention, organized and were at work, a number of enthusiastic men and women in Southern

California, where public sentiment was eight to one in favor of prohibition, thinking that the Fresno convention had made a mistake in its decision, hastily prepared an amendment, circulated a petition and, against the wish of a majority of the dry leaders of the state, placed the bone-dry proposition upon the ballot to go into effect on January 1, 1919.

The ratification forces had been organized and were at work for the one object of putting over the national amendment. They could not turn aside from this purpose for the sake of carrying a state amendment. They could not divide their strength between the two, and as a result, in the south, the state amendment was left practically to shift for itself. How well the ratification committee carried out the wish and purpose of the Fresno convention is shown in the election of a governor, a lieutenant-governor and a majority in both houses of the legislature in favor of ratifying the national prohibition amendment.

That the vote on the state dry amendment is no test of the people's view of ratification is very evident. The Fresno Republican while supporting vigorously the ratification of the national amendment. Many other prominent papers, especially in Northern California, supported the national amendment while opposing the state amendment. This was the course pursued by both Stephens and Young in their canvass of the state.

Again, many conservative dry voters thought that the state amendment did not give time enough for the wine men to get out of the business, and in consideration of what they thought was fair play, while voting and working for dry

legislators, they voted against the amendment. In the minds of many the fact that the state amendment, though following the national law as to the making of intoxicants to the Indians, medicinal or sacramental use, was a reason for their voting against it. Another class of voters opposing the state amendment felt that it would be difficult to enforce, on such short notice and by state authority alone, in the cities of San Francisco, Oakland and Sacramento. They deemed it best to wait till July 1, when, in all probability, the federal authority behind war prohibition would be able to handle the matter effectively. In our saloon-ruled cities this class of voters helped us greatly in getting a ratification legislature.

For these reasons and others that might be mentioned the vote against the dry amendment is no test of the wish of the state to ratify the ratification of the national amendment. The vote against the so-called bone-dry bill is no sign that the people of California do not want the saloons closed. Prohibitionists and saloon men alike voted against the Rominger bill, so vote and conservative drys voted against the bone-dry state amendment. If anything is shown by the election it is that the people want no half-way measures. They defeated the Rominger bill by a majority of more than 40,000 greater than that by which they turned down the drastic dry amendment. They are getting tired of local and even state attempts to handle the liquor problem, and they mean to turn the matter over to the federal authorities, where it belongs. S. P. MEADS.

Oakland, November 14.

NOTES and COMMENT

Account is taken of the Kaiser's declaration that he left his country for the country's good. He deferred such action, however, till it is not in a way to be the boon that it might have been.

If all the kings who have recently been separated from their jobs were assembled they would make quite a herd. And it would be instructive if there was a way to compare their present demeanor with that which they assumed when their more or less abject subjects yielded obedience.

One aftermath that civilization must not forget is a reckoning with every Hun that was concerned in the murder of Edith Cavell. This is a crime that will cry to high heaven until it is avenged.

Prince Leopold is reported as having renounced the throne of Lippe-Detmold. There may not be universal knowledge as to the exact location of this perch, but all thrones seem to have a common tendency just now to spill their occupants.

Postmaster Rosborough is observing that adage about every little helping when he recommends the use of a single three-cent stamp instead of three one-cent stamps. Paper, muckilage and tonguewear may thus be saved.

"Thief takes eggs and leaves jewels." But the prospects are that things will soon be equalized so that thieves will be satisfied with the jewels. Prices of hen products are coming down.

A caption starts off with "54,681,000," which suggests a once-over drive. But it only refers to sockeye salmon eggs. However, 54,681,000 salmon eggs constitute quite a peace item.

One of the very newest things in litigation is a husband being sued for divorce, and still so young that a guardian has to be appointed to give him legal status. It happened at Yuba City.

The one-time Kaiser's case differs from that of Napoleon. When Napoleon showed up after losing his first hold his countrymen rallied to his support. From appearances, should the one-time Kaiser show up again his former subjects would act in accordance with the sentiment promulgated by some millions of American streamers that have been pasted over the country.

The allies are to help feed the Germans. It requires very brief consideration to imagine how devastated France would have fared had the Huns got through to Paris instead of the allies having Berlin and all the Central empires at their mercy.

The humane instincts of the American people is manifest in their ready acquiescence in the proposal to feed the masses of the conquered countries. Such effort will be largely gratuitous, as the feeding and clothing of the Belgians has been, and it is to be expected in full, those people who have had so much to say of the American propensity for the dollar, as evidence that they have got it wrong.

Another thing to be glad over—the Salvation Army accomplishment in the line of doughnuts may now be of intensive benefit. Some of the famous achievements may now find disposal at home. There is no necessity for discontinuing their production.

That eggs have dropped an even 10 cents in less than a week comes near to forcing the belief that their prices had attained war-time heights due to the loading hen. Conditions have not so vitally changed as to warrant that recession through commercial exigencies.

SPIRIT OF THE STATE PRESS

Now that we have a woman on the board of supervisors, will the male members of that body object to being addressed at regular sessions as "Ladies and gentlemen?" And will the male members eschew tobacco as a compliment to the lady in their midst?—San Diego Union.

It is with sorrow that the people all over Nevada county learn of the death of Rev. Father O'Reilly of Truckee. The influenza had hit that community very severely and Father O'Reilly labored night and day to assist those who needed help. At last he was stricken himself—Nevada City News.

Who will presume to say that California is "wet" when she turns down bone dry and regulation but elects a dry governor, a dry lieutenant-governor and a dry legislature?—Red Bluff News.

Michigan loves Ford for the autos he has made and not for any qualifications he may have as a statesman. Hence their preference for the matter of electing a United States Senator.—Napa Register.

A school of white-sea bass was reported inside the pier at Red Bluff, October 24, for the first time, so far as is known. It is thought they were driven in by larger fish.—Catalina Islander.

The power of the press has been well demonstrated in Tehama county in the contest just closed for the election of a school superintendent. Miss Lacey, who had been the favorite of the evening papers in Red Bluff, the River Rambler and the Corning Observer. Her majority was cut to the pitiful margin of three to one.—Red Bluff News.

IT'S A WILD LIFE!

Why a Child Should Not Be Treated Like a Toy

BY DR. LEONARD K. HIRSHBERG
A. B., M. A., M. D.
(Johns Hopkins University.)

It is well and good to want to play with a baby, and entertain yourself in its company, but it should be borne in mind that an infant is not a plaything, but a human being, and is entitled to treatment as such. A baby has desires and inclinations. Sometimes he feels like plaything, and sometimes he does not. At times he will smile and coo at you, and at other times he prefers to sleep and be left alone. No one ever should intrude upon his human rights.

As a rule, a baby does not seek company until about after the first four months of his sojourn in the world. Before that he prefers to eat and sleep. Only the child's mother should attend him in these early days, for outside interference may lead to some misunderstanding.

Even after the fourth month a baby must not be excessively handled, for his weak emotional fabric is apt to encounter undue stimulus. If your way of caressing is in the form of a rough shake or a tight hug it is better for you to keep away from the cradle. Do not be surprised if a baby cries at times, and of such rough treatment, and do not misconceive his expressed emotions as a desire for you to continue such caresses.

When a child has reached school age, his inclinations should be followed with the same care. By this time, to be sure, his emotional and nervous system must be kept away from him. However, books dealing with normal child life are excellent food for the mind, and if a child shows a tendency to want such books, leave the choice to him. Also let him choose the time and place for the pursuit of pleasure, but supervise in general the whole developmental process.

If a schoolgirl or boy lapses back to indifference or listlessness his physical condition perhaps is at fault. Probably he is not getting the proper kind of food or exercise. He most likely needs more outdoor life and sport and a better regulated diet. Also there may be need for examination of the eyes, nose, throat or other physical parts.

After you have ascertained that there is nothing abnormal in the development of the child, try to maintain his unexpected, calm sort of existence. His inclinations under these conditions will most likely be what you desire. He will probably not be a mischievous, troublesome child, but on the contrary will instinctively try to study the desires of his parents, as they study his. This will develop a harmonious, congenial relationship characteristic of the happy family.

WEATHER REPORT

UNDERSTANDING.

Now when I stand in some great crowded place,
I see the souls of other women stare
Out of their eyes—and I can glimpse the care
and grace
From every life. Upon each woman's face
I see the mark of tears, the hint of prayer.
That, one short year ago, had not
been there—
I see what time will never quite erase!

Before you left, I did not notice eyes;
Because I knew that I might touch your hand,
I did not dream the dread that I swept out your land.
Ah, dear, the months have made me very wise.
Now, one with every throng, I understand,
And heart meets heart, and I can sympathize!

Company Objects to Embarcadero Viaduct

SAN FRANCISCO, Nov. 15.—The
Henry Cowell Lime and Cement
Company has petitioned the superior
court for an injunction to prevent
the state from continuing with its

project to build a viaduct across the
Embarcadero from the Ferry building
alleging that the company will
be shut off from the public in the
event the plans are carried out. The
company maintains that its building
at Market and Sacramento
streets would be so completely shut
off that its business would be
ruined.

MAJORS' 'NO!' ROUSES DAVIE TO REJOINER

Mayor John L. Davie replied to-
day to the letter from Mayor Green
Majors of Alameda, concerning
Majors' refusal to meet in
conference on the proposed plan for
the acquisition of the San Francisco
Oakland Terminal Railway Com-
pany's property.

"If Mayor Majors does not see fit
to take this matter up," said Mayor
Davie, "I shall call upon Supervisor
William J. Hamilton to meet with
me as representative of the people
of Alameda. These people have
shown that they do not favor a pub-
lic utility district, and if Mayor
Majors wishes to set himself up
against public opinion, then he must
answer to his people and not me."

Mayor Davie's letter follows:
"Oakland, Cal.,
November 15, 1918.
"Hon. Green Majors, Mayor of
Alameda, Alameda, Cal.
"Dear Sir: You have replied to
my invitation for a conference to
work out a plan for municipal
ownership for the Eastbay cities by
asking me to reconcile this proposed
public utility district, and by an-
nouncing that you still consider the
public utility district as the only
constructive means for public own-
ership.

"SLAP AT PEOPLE."
"Your answer is a direct slap at
the people of Alameda, who voted
three or four to one against the
formation of a public utility district,
and I wonder if you have lost your
faith in your constituency. The peo-
ple of Oakland also voted two to
one against forming an additional
unit of government to operate util-
ities and I have always found it good
policy and right to accept the ex-
pression of the people whom I rep-
resent."

"Upon my advocacy of public
ownership of a year ago, you took a
foremost part in the promotion of
the public utility district scheme,
which would have made some fine
jobs at a tremendous burden to the
taxpayers. You secured thousands
of signatures to petitions calling for
the public utility district election under
the misrepresentation that it was
following out my plan as expressed
in my annual message of January 1,
1918. Your support of that meas-
ure, however, resulted little else
with the people of Alameda and
with the people of Oakland, who
overwhelmingly defeated your plan
on August 27 of this year.

"EXPENSE OPPOSED, HE SAYS.
"The fact that the people of your
city and mine have defeated your
pet scheme should not be taken by
you to mean that they are opposed
to public ownership. They are merely
opposed to unnecessary and addi-
tional units of government, and
realizing this I am going forward to
secure municipal ownership for
Oakland, and it will succeed whether
other cities like it or not. However,
I take your expression as no longer
gauge of the sentiment of the peo-
ple of your city, whom I feel sure
are strongly in favor of public own-
ership.

"As you have seen fit to ignore
the opportunity to participate, as
mayor of Alameda, in a concerted
action for public ownership, I will
see that another representative of

Red Cross Notes

In order to finish the large allotments
of refugee clothing that are now being
demanded from the Berkeley Red Cross
extra sewing machines are badly needed
for the new sewing rooms to be opened
Monday in the surgical dressings house.
Any person having a lock-stitch ma-
chine which she is willing to lend should
telephone headquarters, Berkeley 6737,
and it will be called for. Machines with
electric attachments are especially de-
sired.

A telegram from Washington was re-
ceived this morning by John L. Cly-
mer of the Pacific division, Red Cross,
which stated that no more Christmas
coupons for friendless boys will be for-
warded to the Pacific division.
Whether the quota has been filled
or whether there were not as many
friendless boys as were at first thought
is not made clear. Mrs. Frank Avery,
who has charge of the Christmas pack-
ages for Oakland, says that she could
easily have given out 600 of these
boxes to have been filled, so eager were
the people of Oakland to send Christ-
mas cheer to France.

Over 200 hundred boxes are being
sent out daily now. The second room
in the Liberty hut is to be requisitioned
for the work. The War Camp Com-
munity Service is co-operating by fur-
nishing messenger boys when needed.

The surgeon general is calling for
1500 nurses' aids for service overseas.
The quota for the Pacific division is
100. The following rules have re-
cently been received from the surgeon
general's office:
"Women with sons in the service will
not be accepted.

Married women with husbands not in
the service and beyond the draft age
will be accepted.
Canadian women are also eligible as
well as citizens of other Allied coun-
tries who are living in the United
States.

Applicants should be between the
ages of 20 and 45 years of age.
It has been definitely decided that
the aids will be paid \$20 a month with
traveling expenses, maintenance and
laundry for uniforms.

Women already prepared as nurses'
aids, or who have had six months
training in an accredited training
school, are desired. The knowledge of
French is desirable but not compulsory.
Applicants must be endorsed by at
least two responsible persons that there
may be no question of their loyalty or
desirability.

In the absence of Mrs. A. C. Smith
from her office at Oakland Chapter
headquarters, her address is 1212
the fact that she has not yet convalesced
from influenza, applications should be
made to Miss Helen White, chief of
bureau of nursing, Flood building, 942
Market street, San Francisco.

Oakland Postoffice Is in Need of Men

Carriers and clerks are desired by
the Oakland Postoffice and there will
be held December 7, an examination at
which it is hoped many of the places
will be filled. Men between 18 and 45
years old in good physical health are
desired. No women will be accepted.
Examination papers at this time. Men
must pass a physical examination and
must be at least five feet four inches
tall and weigh at least 125 pounds.
Applicants should apply at room 22,
Oakland Postoffice building.

FINDS MOTHER DEAD
ALAMEDA, Nov. 15.—Edward Stokes,

dead body of his mother in her bed.
Dr. Arthur E. Johnson found that
Mrs. Stokes had been dead for some
hours, evidently passing away from
heart trouble.

Your city with a better regard for
the welfare of her people takes part
in our deliberations.
"I have received word from Mayor
Irving that he will be present at the
meeting tomorrow morning in my
office, and what ever may be his
opinion, he did not select the oc-
casion for one to secure publicity.
Yours very truly,
JOHN L. DAVIE,
Mayor of the City of Oakland."

HOSPITAL WILL CLOSE TOMORROW

Although no new patients have been
received at the Municipal Auditorium
Hospital since midnight last night, five
new cases were taken in during the
day. There remain 22 influenza victims
in the Red Cross institution. But one
death has occurred within the last 72
hours, a woman who had been removed
there in a critical condition succumbing
yesterday; 11 releases were made.
It is believed that at tomorrow, at
the latest, the patients will be in a
condition to be removed or released and
the big civic undertaking close its doors.
A supplementary hospital will be main-
tained for a few days in the Red Cross
Convalescent Home at Sixteenth and
Adeline streets.

Five Injured When Derrick Goes Down

BENICIA, Nov. 15.—Five men were
seriously injured here today, when the
big derrick used at the shipyard fell
with a crash. Just what caused the
accident has not been determined. The
derrick, which is 125 feet in height,
came down unexpectedly. The injured
men, all of whom have been removed
to the Vallejo Hospital, about five miles
from here, are: W. Boll, right leg
broken and internal injuries; John Van
Redder, right arm broken and shoulder
dislocated; John Preiss, left arm frac-
tured and internal injuries; J. C.

ASKS HI PUPILS TO MAKE GOOD

The following appeal to the students
of the Oakland High School was made
today by C. E. Keyes, principal of the
school.
"The students of the Oakland high
school have been asked to give \$1270 as
their part of the Earn and Give division
in the United War Work Campaign.
"The school has not yet failed to do
its part in any war work activity. If
the school were in session, there would
be no question now. But the school is
not in session and we shall fail unless
the students report in large numbers
promptly.
"The campaign ends on Monday, No-
vember 18. I shall be in my office from
10 to 4 on Saturday and Monday, and
shall hope to see all students who have
not yet pledged to do their part."

What is Castoria

CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-Good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

NEW SERIES OF W. S. S. TO COME

D. E. Perkins, Alameda county director of War Savings, has received the following message:

"The Secretary of the Treasury has determined upon the issuance of a new series of War Savings Certificates and Stamps to be placed on sale early in 1919 and to be known as the series of 1919. The new series will have a maturity date of January 1, 1924, and in practically all respects will be issued on the same terms and in the same manner as the present series of 1918.

"A new 5¢ War Savings Stamp, blue in color, bearing the head of Benjamin Franklin, the apostle of saving and a former postmaster general, is in preparation. The new Stamps will be placed on sale early in 1919.

"The same Thrift Stamps and Thrift Cards now in use will be continued in 1919 and will be exchangeable into new

SMART PIGS GO BACK TO HOME AFTER MOVING

CHICAGO, Nov. 5. — Yesterday Mrs. Anna Kautzky, 1019 Dewey avenue, valued her 200 pound porkers for their beauty. "This morning she values them also for their brains," she said.

"My pigs—my beautiful pigs," she valued over the telephone to the Evanston police. "Some one stole my beautiful pigs."

Patrolmen were sent to investigate. Tracks of departing pigs were found in the backyard of Mrs. Kautzky's home, but no marks left by shoes. It was learned that Mrs. Kautzky had recently moved from 1014 Dewey place. In the rear of the building there were the missing pigs.

"My beautiful pigs," cried Mrs. Kautzky. "No one could steal them. Ain't they smart?"

Series of 1919 War Savings Stamps, payable January 1, 1924, in the same way as the exchange has been made during this year into the series of 1918 War Savings Stamps.

YARD RESTAURANT FORMALLY OPENS

Turkey and "fixins," speechmaking, music by the band and singing by the quartet featured the first meal, served at noon today, in the just-completed restaurant, established by the Shipyard and Shipyard Laborers Unions at Third and Adeline streets in the vicinity of the plant of the Moore Shipbuilding and Dock Company.

Manager Ed H. Tickle furnished the "cats." Mayor John L. Davis, President E. C. Carroll of the Shipyard Laborers' Union, Vice-President James Reimond of the Boilermakers' Union, and officials of the Moore yard and United States Shipping Board did the talking.

The Moore Shipyard Band furnished the music and the Clifton double quartet did the singing.

The building housing the restaurant and bakery is of Mission style architecture and is equipped with a view to the comfort of the men rather than ornamentation. The table accommodations provide for seating one thousand persons and the bakery has baking capacity for approximately 600 loaves of bread. The initial cost of the building with its furnishings and supplies was about \$1600, shared equally by the two unions.

A board of governors, representing both organizations, will manage the project in an advisory capacity—Tickle being in actual charge of operations—and will pass upon all expense accounts and order all supplies. The purpose is to serve a meal at as close a margin of profit as is compatible with the running expenses. The price of this meal, it is announced, will be lowered or raised in accord with future costs of living.

ST. LOUIS, Mo., Nov. 15.—Two negroes accomplished the job of stealing two smokesacks, one forty feet long and thirty inches in diameter and the other twelve feet long. The negroes got several unsuspecting people in the neighborhood to aid in loading the stacks on two wagons.

Norway Loses 831 Ships, 1120 Lives

LONDON, Nov. 15.—Norway lost during the war 831 vessels, aggregating

galing close on to one and a quarter million tons, according to official statistics. In addition, 37 vessels, of approximately 69,000 tons, were damaged by German submarines. In these disasters 1120 lives were lost.

ST. MARTIN'S, W. Va., Nov. 15.—A fire stole \$30 worth of articles from the office of a local physician. Articles of much greater value were left undisturbed.

BUT EIGHT FLU CASES REPORTED

The health department's report of new cases of influenza between the hours of 9 o'clock and 11:30 this morning shows but eight new cases of the disease. There are 4 releases and three deaths, while the total number of cases on hand is 548. The total deaths to date is 548.

Thirty-eight new cases of Spanish influenza were reported to the health department for the twenty-four hours ending at 9 o'clock this morning. This is fifteen more cases than were reported for a similar period yesterday, but the health officials do not take the increase to indicate that the epidemic has taken a spurt. It is believed that some of the cases are those developing several days ago and just reported.

The deaths this morning are given as six, and releases as 105. The total of cases is 5085, with a total of 1559 cases on hand and 545 total deaths.

"We now feel perfectly safe," said J. H. Mellon, secretary of the board of health. If the masks are continued for another week there is no doubt in our minds but that the epidemic will have been completely mastered by that time.

THANKS PEOPLE.

In discussing the flu situation today, Fred F. Morse, commissioner of public health and safety, said: "I want to take occasion at this time to thank the people of our city for the splendid spirit of co-operation shown during the trying days when the influenza epidemic was at its height. I also desire to thank a number of church and other organizations who have assured me that notwithstanding the removing of restrictions on assembly that they will desire to keep the epidemic from spreading."

FALLING GLASS PROVES A GOOD BURGLAR ALARM

An attempt to rob the drug store of Dr. C. A. Lutz of Irvington last night was frustrated because of a novel burglar alarm rigged up by the doctor.

Six weeks ago the place was entered and \$200 taken. Thereafter the proprietor arranged a piece of glass over the door so that upon the door being opened at night the glass would fall and crash.

Last night at midnight the burglars arrived and opened the door. The glass fell and crashed, and the burglar took alarm. They lingered about for a time, however, to see what would happen.

The doctor, sleeping in the rear, was awakened, and crawling to the phone rang up Deputy Sheriff S. B. Van Dervoort, who lives near. Securing a revolver, the doctor went out looking for the intruders. He saw two men standing by an automobile in the street. He covered them with the revolver and waited. They, without seeing him, finally got in the machine and drove away.

From their regular meetings for another week.

"It seems to me at this time to be only fitting to say a word in commendation for the members of the police and fire departments and also members of practically every other department of the city administration for the splendid manner in which they turned in and worked to help make the organization of the Municipal hospital a success. Police and firemen gave up their days off and put in their time when they should have been resting to the arduous tasks which had to be performed at the auditorium."

BECOME NORMAL. "Things are now becoming normal again and I am in hopes that by one week from tomorrow we may be able to recommend the rescinding of the mask ordinance."

"The offer of the theater men to give their first night's receipts to the War Work fund is also a matter that we should feel is deserving of great praise."

MOVE TO CHANGE STATE AUTO LAWS

Plans for a conference to be held at Sacramento as soon as the present in session of the legislature are completed today by Governor J. B. Fair, of the Oakland police president of the State Traffic Officers' Association, to outline laws to be presented to the legislature before the next state legislative session.

Sweeping reforms in existing traffic laws, with central state control of highways as at present, will be advocated. Among the reforms to be asked are the following:

No person, owner or otherwise, to be permitted to drive an automobile until county and given a license card, permitting him to run a machine. These examinations will be uniform and strict, and driving a car unless qualified will be a misdemeanor.

Automobile lights to be distinctly specified for the whole state, instead of the present various city restrictions, under which a legal light in one city is illegal in another.

Minors to be forbidden to drive cars unless large enough and skillful enough to pass the licensing examination.

The sheriff's examining motorist will be held responsible if incompetent persons are licensed.

Uniform state speed laws to apply in all cities or districts alike.

The domain of the streets will be drawn up by attorneys after the hearing and submitted in legal form to the legislature. The laws will be placed before the national association.

Testimony All Heard in McGown's Suit

Testimony in the suit of Malcolm McGown against his former attorney, A. J. Montagne, who defended him in the trial for the shooting of Rasmus J. Gröden, was concluded today and the case was continued for argument till Monday. McGown is suing Montagne and others to recover \$2700 collected by Montagne on a ten-year-old note, signed by T. K. Hawk, a Kern County oil man, in McGown's favor.

As the matter stood when the suit was brought, the entire amount had been collected and the money distributed between Montagne, George Duke, William Dalziel and the American Lath and Tool Company, in which the three men are directors. No account had been made to McGown and he did not know that the money had been paid.

McGown swore that he gave the note to Montagne for collection.

WORKERS' HOMES ARE STILL NEEDED

While the government ban on home building has been practically raised, the Oakland Housing Committee bureau will continue, devoting its efforts to securing homes for workers, according to Secretary Harry A. Lafler.

"Our task of seeing that planners of homes for workers get priorities is over," he said, "but at the same time the housing situation is just as important as before."

Building departments are now permitted to issue permits for private dwellings costing not over \$7500, and a number of local permits have already been issued. Prior to this order the Oakland housing committee had obtained five hundred priority orders for builders of workers' homes and was seeking to induce builders to construct these.

Post-War Plans at Basis of Argument

BETHLEHEM, Nov. 15.—An argument over methods, which should be used by the United States in bringing the American boys back home resulted this morning in the arrest of John McPlatt, grocery, of 1835 Shattuck avenue. McPlatt is alleged to have verbally abused V. C. Lentz, 1128 Shattuck avenue, one of his customers. Lentz, this morning swore to a warrant for the arrest of McPlatt on a charge of disturbing the peace.

McPlatt pleaded not guilty to the charge when arraigned before Judge Edgar. The case comes up at 9 o'clock Monday morning. Both McPlatt and Lentz are well known in Berkeley business circles.

Railroad Travel Is Increased by Truce

Passenger traffic on local railroads has leaped since the signing of the armistice, according to C. J. Malley, head of the local Railroad Administration joint ticket office. "We have never been so busy since the news of the signing of the armistice," he said today. Hundreds of local residents have started taking short week-end trips or visits to other cities, the result being a heavy sale of short-haul tickets.

Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated, breath bad, stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick; you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crumbles into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or grocer sells you a bottle of Dodson's Liver Tone for a few cents under the value of the medicine. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Advertisement.

Why shouldn't he smile?

Uncle Sam became our biggest customer during the War. We gave him all he asked for. We sent overseas 155,945,000 sticks of Adams Gum.

The men in the front line trenches craved it—they couldn't smoke. To the men in the hospitals it was a blessing. The men in the artillery used it to rest their nerves. The men in the Tank Corps fought on it. And to the boys in the air, gum was a great steadier.

Now that peace is here, let Adams

Gum become a part of your daily existence. For the soldier boy has proved that chewing gum is an efficiency habit. It makes men fit.

But until the boys get back home again please bear with us. You probably couldn't buy your favorite Adams brand the last time you asked for it. Some soldier boy got your package. If you find Adams Black Jack missing from the counter, try Adams California Fruit, Adams Pepsin, Adams Chiclets or any Adams brand.

SOLDIERS BECOME CITIZENS OF U. S.

CAMP KEARNY, SAN DIEGO, Nov. 15.—Seven hundred and three men and one woman in the service of the United States became citizens of this country here today, the naturalization ceremony being one of the most impressive in the history of the camp. In the number were thirty-one who were formerly subjects of Germany. When that group entered the hall the men, all in khaki uniform, got a small ovation, the officials present leading in the applause.

The one woman was Miss Dagmar Westergaard, a nurse at the base hospital, who is a native of Denmark. She renounced allegiance to King Christian X not only without a quiver of her lips, but with a happy smile.

Major General David C. Shanks, commanding the Sixteenth division, spoke briefly to the soldiers who became American citizens, telling them what it meant to be Americans and American soldiers. One of the infantry regimental bands played patriotic airs as a part of the program. Two Superior Court judges from the San Diego county courts and their clerks, assisted by camp officers, had charge of the actual naturalization.

There were only thirteen new cases of Spanish influenza at the camp today. No announcement, however, was made as to whether the already modified quarantine would be entirely lifted.

Seattle Girl Drafting Halls for U. S. Ships

SEATTLE, Wash., Nov. 15.—Although only 19 years old, Miss Esther M. Dill, of this city, enjoys the distinction of drafting plans for United States ships to be used in defeating the Hun. She is quite sure that drafting hulls—hulls are her specialty—is just a little better than any other part of the work of planning Uncle Sam's great vessels. Miss Dill is rated in the drafting department at the Puget Sound Navy Yard on the same basis as any man in the shops.

GERMAN MADE TO RUE SHOT AT AMERICAN

When Corporal Glenn G. Williams of Oakland was striding across the country at Chateau Thierry he was shot through the hand by a Hun whom he was not watching. But a "buddy" of Williams was on hand and although too late to prevent Williams being wounded, was quick enough to kill said Hun while Williams was dividing attention between his wound and his assailant. "To see him get his was fine first aid for me," writes Williams, his wife who lives at 543 Center Street. His mother lives at 821 Fifty-first avenue. He writes that he does not expect to be permanently disabled.

Department Store Will Be Enlarged

Papers were filed today by the firm of Whitmore & Swan, local merchants, re-incorporating and increasing their capital stock from \$100,000 to \$500,000 as the first step in a plan for a wide expansion of the department store operated by the firm at Eleventh and Washington streets. A \$50,000 addition to the building, to be constructed in the rear of the present structure, and face on Eleventh street, is planned, and \$50,000 more will be spent in new fixtures and other conveniences. Heavy growth of business made the enlargement necessary, according to heads of the firm. Construction work is to commence as soon as the government releases the necessary building materials to erect the building. new Smith Cove terminals had been granted by the capital issues committee of the War Industries Board, port authorities were notified today. Secretary Barker has vetoed the quarter-mile for the department's projected terminal on Harbor Island.

**3 NEW GOLD
STARS ADDED
TO EASTRA**

Three new golden stars were added to the honor flag of the Easton families today when the news came that Robert D. Mason had been killed in action; Richard L. Crubb, of a medical unit, had died of wounds received in action; and Bert Adams had died of disease.

Mason, who was 27 years old, was the son of Mr. and Mrs. Matthew Mason, 1306 Seventeenth street, S. E. brother of William J. Mason, and Matthew Mason, according to a telegram from the War Department he was killed in action on October 10.

GRUBB'S NAVAL CASUALTY.—A man to die in the war from Alameda according to his friends. He was killed by a shell fragment while he died on July 20. He was attached to a medical unit as pharmacist major third class. Grubb was the son of William Grubb, who lived at 1618 E. San Antonio avenue, and a brother of William Grubb, with the 15th Aerial munition train, stationed at Camp Roberts, Fort Ord. The family has a large drug concern in the Eastbay cities.

PIEZ TELLS REASON FOR CLOSING YARD

From the hour when the unexpected order was flashed from Washington to cease construction work at the \$20,000,000 Liberty shipyard on the Oakland estuary

contracture and silence concerning the reasons advanced for the cancellation of work and the cancellation of the construction contract. The following letter from Charles E. Pletz, vice-president of the Emigrant Building Co., Inc., to the firm which had the contract for construction of the yard, is, however, the first statement from the contractor in dispute to the public. It explains in detail just why the project was abandoned and stresses the debt to the business community and the employees by the contractors:

"United States Shipping Board Building, Philadelphia, Pa., Oct. 31, 1938.

"Boston Construction Co., Boston, Mass. We undertake the construction of the Liberty plant as a result of the demands made on the Fleet Corporation by the War Relocation Authority. Considerable increase in the tonnage of our ships. The yard was especially designed for the manufacture of ships. Conditions at the west front, in the opinion of the board of directors, are such that the construction of a plant that does not necessitate the delivery of which could not be fairly well assured in 1919 should be continued. The contract for the Liberty yard and the vessels to be constructed thereat followed as a natural consequence."

nothing to do with any fault, error or lack of ability on the part of any of the contractors connected with the operation. As a matter of fact, progress on the work was considerably more rapid than we had anticipated to expect, and the contractors among them yourselves, who had a part in the work done thus far, deserve nothing but commendation for the energy and ability they have shown.

Very truly yours,
"CHARLES PIEZ,
Vice President and Gen. Manager"

TWO LONG GAMES.
In the curtailed season of 1918 the Cubs and Phillies were the first to approach their league's record. They captured the July 25th doubleheader at Pittsburgh, 2 to 1. Pittsburgh and Boston really bent that performance in the 1919 season, but the Cubs' 1918 record includes without a run on either side when the Pirates won with two tallies in the 21st.

WAR WORK FUND PLEDGES MUST BE INCREASED

NEVADA IS FAR IN LEAD OF DRIVE

SAN FRANCISCO, Nov. 15.—Nevada, with 100 per cent subscription to the United War Work campaign, 9 per cent over its quota, still leads the state of the Western department. Nevada received \$14,000 for the fourth day of the drive and a total for the four days of \$53,000. Its quota is \$53,250. It is now striving to reach the 50 per cent over-subscription, which is the goal of the country.

United War Work Solicitors Must Have Credentials

Do not pay over contributions to the United War Work campaign fund unless the person soliciting your contribution can show proper credentials signed by Judge George S. Samuels, in charge of the precinct workers' bureau.

Four receipt books—Numbers 39,601 to 39,800—have been lost or stolen in United War Work campaign headquarters, and these receipt books have been used by fake solicitors who are pocketing the money received from patriotically inclined citizens.

When asked to contribute to the war work fund, demand the credentials of the worker and if they cannot show them report the matter immediately to United War Work campaign headquarters, Lakeside 2701.

Also notify the nearest police station immediately, giving the police the best possible description of the person who is collecting without credentials.

Police Look for Pastor's Assailants

On complaint of Rev. A. G. Mills, pastor of Emanuel church, police are making a search for men who assaulted him on peace day, November 11, because he refused to remove his hat while on his way from the depot after bidding his son, who was enlisting for a military camp, good bye.

A gang of hoodlums started on that day to force all persons to remove their hats and because Rev. Mills refused to obey this order he was attacked and severely beaten, and is now under the care of a physician.

MONUMENT PLAN GIVEN IMPETUS

The project to erect a monument in honor of Oakland's gallant heros who gave their lives for the cause of liberty and justice was given fresh impetus today when Mayor Davies made a tentative selection of a committee of prominent citizens to carry the project through if the capital issues committee at Washington approves.

Yesterday the mayor wired the committee for permission to erect either a granite shaft or heroic bronze statue in memory of the city's soldier dead. Upon the answer received will depend the action to be taken. The names of the committee will not be announced until the capital issues committee at Washington approves.

This committee will be composed of men eminent in the community, both for their abilities as business executives and for their knowledge of matters pertaining to art. Practically all civic, commercial, social and fraternal organizations will be represented, as will labor and war work organizations. The idea of the mayor is to make this movement one that will appeal to all patriotic citizens who desire to show to the families and friends of our fallen heroes that this community as a whole appreciates their splendid service and is desirous of perpetuating that spirit of appreciation in something more substantial than mere words.

YOUTH MADE SERGEANT

VALLEJO, Nov. 15.—John B. Souza has been promoted to the rank of sergeant in the Quartermasters Corps at Camp Fremont. Sergeant Souza is one of the youngest sergeants in the U. S. Army, 18 years of age.

HOW TO FIGHT SPANISH INFLUENZA

Avoid crowds, coughs and colds, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armor against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of Mayapple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous matter. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his "Ironie" (iron tonic) tablets, which can be obtained at most drug stores, or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package. "Ironie" is just as good as Dr. Pierce's other medicines.

PIEDMONT IS SECOND TOWN TO "GO OVER"

Following are the subscriptions in the various districts to the United War Work fund up to Thursday night:

District	Subscribed	Quota
Oakland	\$80,003.63	\$235,185.00
Berkeley	37,701.63	71,288.00
Alameda	10,012.24	20,230.00
Piedmont	5,674.20	5,084.00
Emeryville	516.00	3,384.00
Hayward	4,000.00	8,352.00
San Leandro	1,309.00	7,012.00
Livermore	1,007.00	2,754.00
Pleasanton	4,016.00	2,740.00
Township	1,000.00	7,207.00

Alameda county increased its subscriptions to the United War Work campaign fund to \$143,672 yesterday, being approximately \$140,000 being secured during the day from the various districts throughout the county. This leaves a total of \$275,328 to be raised during the remaining four days of the campaign, or an average of \$69,532 daily.

Piedmont took its place along with Alameda, the first city in the county to "go over the top," over-subscribing its quota of \$5,084 by almost \$500. Simultaneously, Pleasanton added \$956 to its subscriptions, bringing its total up to practically 100 per cent over its allotment.

Oakland swelled its total from \$69,972 to \$80,003, which is a little over one-third of its quota of \$235,185. Yesterday's contribution of \$10,012 is the smallest yet recorded during any of the four days of the campaign.

Berkeley led all districts in the county in the size of its response to the plea for war work funds, contributing \$37,701.63, or \$20,970 during the day and pushing its total in the drive up to \$37,701.63.

Recognizing the seriousness of the situation and the fact that the prospect of the entire county failing to subscribe its quota in the drive, the executive committee in charge of the campaign started bending every possible energy toward awakening the public to the need of war work funds and the meritorious work already done by the War Camp Community Service, the Y. M. C. A., the United States Red Cross, the Jewish Welfare Board and the three other organizations allied with them in the drive.

As a part of the effort to secure subscriptions from every patriotic citizen, four-minute speakers will deliver talks in every theater in the county on Saturday, Sunday and Monday. Simultaneously, and with the aid of every volunteer, the people who are enlisting their services to house canvasses are being made today in every precinct in the county.

"Our biggest obstacle seems to be the common belief that because actual fighting has ceased and Germany has capitulated there is nothing to be gained by bringing our boys home from France," said Superior Judge William H. Wast, chairman of the county executive committee, today. "It can be positively stated that the movement to bring our boys home from Europe will be started for at least a year. Meanwhile the work of the seven organizations that are seeking war work funds has not only been doubled, but tripled. They must provide clean, moral amusements for the thousands of men who are going to have much leisure time on their hands and their success in meeting the demands made upon them will mean the protection of the moral and physical welfare of every American fighter now in France and Italy."

Lemare to Resume Recitals at Organ

SAN FRANCISCO, Nov. 15.—Edwin H. Lemare will resume his recitals on the municipal organ at the San Francisco Board of Auditors' office on Saturday evening, November 24. There will be no recital next Sunday evening, November 17, as the time for preparation is too short.

Lemare will give a Thanksgiving program to mark the resumption of the weekly recitals. The program will be expressive of gratitude for the end of the war and the cessation of the epidemic.

Chairman J. Emmet Hayden of the auditorium, took advantage of the intermission to have the building fumigated and cleaned and all the parts of the organ gone over in an expert manner.

Harms Gets Six Months for Talk

Alfred Harms, Berkeley artist, who was arrested some time ago in a local department store where he was employed as a janitor, was this morning convicted of uttering seditious remarks and sentenced to six months in the city jail and fined \$500 by Judge Mortimer Smith.

Harms stated in open court that it was possible he would relinquish his citizenship in the United States and return to Germany. He condemned the government for its activities in prosecuting the war against Germany and Kaiser.

Mather Field Put Under Quarantine

SACRAMENTO, Nov. 15.—Quarantine restrictions at Mather Aviation Field were being enforced rigidly today as a result of an increase in the number of cases of Spanish influenza that have developed recently at the camp. There were more than ninety cases among the 1200 men today, Captain A. D. Penny, post adjutant, announced. Officers and enlisted men will be permitted to leave the field only on urgent official duty. Visitors will be admitted to the field only in cases of emergency.

PLENTY OF FOOD IS NEEDED TO MAKE AIRMEN

TRIBUNE BUREAU 2011 SHATTUCK AVE. BERKELEY, Nov. 15.—Plenty of food substantial food is needed to make airmen out of the prospective aviators. According to figures compiled by the University of California, showing the size of the class of students at the School of Military Aeronautics on the campus.

The cost of feeding each prospective aviator averages about 50 cents a day. Students at the school have consumed as high as 450 pounds of meat a day, while the daily consumption of bread has reached 130 loaves and 27 gallons in addition to canned milk.

Total used in various forms have averaged two tons a week, while 210 dozen eggs or 30 dozen a day have also been needed to satisfy the appetites of the prospective flyers. That the future airmen are heavy coffee drinkers is shown by the fact that in its ordinary three-day chase, 100 pounds of coffee every five days.

Since the present but 400 men are being fed at the aviation school, although there has been an attendance of more than 1000.

PIEDMONT WOMAN IN ISLAND CASE

SAN FRANCISCO, Nov. 15.—The government concluded its presentation of the case against Wong Ah Wong, Chinese merchant accused in the Angel Island immigration case today, and defense called its first witness, Mrs. G. C. Kennah, 5515 Ocean View drive, Piedmont, the wife of Attorney Henry C. Kennah, also a defendant, who died since his indictment by the grand jury. Mrs. Kennah was called to complete the testimony of Robert C. Ferguson, record room clerk at the immigration station, who pleaded guilty yesterday and testified for the government that he had been paid by Kennah and Wong to remove and return to the record room the entrance papers of a certain Chinese, Mrs. Kennah stated that Ferguson had called at her home after his arrest and said that although the evidence obtained against himself and Kennah by investigator Frank J. Denmore was "A bunch of lies," that Denmore was promised that both should have immunity if Kennah would tell what he knew about Dr. John Cardin, the San Francisco attorney who had been indicted for selling out O. T. Stiller, law partner of Kennah's, and that Kennah had said he knew nothing to the disadvantage of these men.

On cross-examination the witness was asked if she did not know that Attorney Kennah had given Presley McFarland \$50 to aid in his escape from the state prison, and that a number of Chinese character witnesses for Wong were placed on the stand. The case will go to the jury late this afternoon.

STRENGTH FOR WEAK NERVES

We do not give much thought to our nervous system when it is working all right but when it goes wrong nature has a way of calling it forcibly to our attention by something that we cannot overlook—pain.

Try to reach a diseased nerve with medicine of any sort and you are confronted with a fact that every doctor knows, that the only way to reach the nerves with medicine is through the blood.

Miss Stella Coffield, whose address is R. F. D. 2, Centerburg, Ohio, says: "I was sick for six months and in bed for ten weeks. I doctored faithfully for two months and kept getting worse and finally had a stroke of paralysis which affected my right leg, arm and speech. I could not talk for two weeks and I had no use whatever of my leg and arm. I was very nervous. My people thought I would never be anything but a helpless cripple."

It was through my father that I commenced taking Dr. Williams' Pink Pills. He was discouraged and when he read about the pills he decided to have me try them. I could soon see a change and gave the remedy a thorough trial. The numbness in my leg disappeared and after a time I could walk. I felt stronger and really think that if it had not been for Dr. Williams' Pink Pills I would still be a helpless cripple."

The treatment in cases like this is one of nutrition of the nerve cells, requiring a non-alcoholic tonic such as Dr. Williams' Pink Pills. Your own druggist sells the pills. Price 50 cents a box; six boxes for \$2.50. Write to the Dr. Williams Medicine Co., Schenectady, N. Y., for free book on home treatment of nervous disorders.

Learned the Real Value of Chamberlain's Cough Remedy.

"We first learned of the true value of Chamberlain's Cough Remedy several years ago when we lived near Clifton Hill, this State," writes Mrs. James J. Malone, Moberly, Mo. "At that time I had a severe cold and an annoying cough. I got a bottle of Chamberlain's Cough Remedy, and after taking a few doses of it my cough loosened up and my lungs felt better. I used one bottle of it and by then my cold had entirely disappeared." For sale by Osgood Bros. Drug Stores.—Advertisement.

Get Rid of That Persistent Cough

Stop that weakening, persistent cough that threatens throat, lung affections, with Eckman's Alternative, the tonic and expectorant of 20 years' successful use. See the \$1.50 bottles from druggists, or from McKim's Laboratory, Philadelphia.

CHANCE TO SEE SELF IN TRIBUNE FILM

Oakland mothers, wives and sweethearts who posed for the camera recently at Lakeside Park that their kin "over there" might see them as they are today, will be given a chance to see themselves on the screen at the Oakland T. & D. Theater tomorrow, Sunday, Monday and Tuesday. The pictures taken under the auspices of The TRIBUNE have been held here purposely in order that Oakland folks may see them before they are sent to France. In expectation that American troops will be held in France until after the first of the year there is every possibility that the pictures will be shown across the water in plenty of time for every Oakland soldier to see his relatives as they appeared that day at Lakeside Park.

On the same program, beginning at 7 P. M. and 9 P. M. tomorrow, Mary Miles Minter will be seen in "Rosemary Climbs the Heights," Harry Morey and Betty Blythe will appear in "The King of Diamonds," and John Wharry Lewis and his own orchestra will make a bow. Lewis promises Oakland a further chance to give vent to his victorious enthusiasm and joy in "Follow the Leader," a musical extravaganza which has patriotism as its keynote.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a beauty lotion of the best bleaching and skin whitening lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes! It is harmless.—Advertisement.

Bomb Is Exploded at Newspaper Plant

YOUNGSTOWN, Ohio, Nov. 15.—Bombers attempted to wreck the offices of the Youngstown Telegram shortly before midnight Thursday. A bomb placed just outside the press-room exploded, breaking windows and crushing doors and otherwise damaging the building. The Telegram has been strongly pro-Ally.

STRENGTH FOR WEAK NERVES

We do not give much thought to our nervous system when it is working all right but when it goes wrong nature has a way of calling it forcibly to our attention by something that we cannot overlook—pain.

Try to reach a diseased nerve with medicine of any sort and you are confronted with a fact that every doctor knows, that the only way to reach the nerves with medicine is through the blood.

Suspected Holdup Man Arrested

Ramon Razzo, a Mexican, was arrested last night by citizens, Okey Fredericks and brought to the Central station charged with attempting to hold up and rob George W. Scott, 324 Kirkham street, at Franklin and Sixth streets.

Razzo was captured after an exciting chase. He had pinned Scott against a fence and was going through his pockets when Fredericks, who was passing, saw the performance. When he rushed to Scott's aid Razzo took to his heels, but his pursuer was too swift for him. Razzo is being held pending an investigation by the inspectors' bureau.

TEACHERS AS "FLU" NURSES.—NEW HAVEN, Conn., Nov. 15.—In many Connecticut towns school teachers made idle by the closing of the schools due to influenza have been acting as nurses, the shortage of which has been the most pronounced in the history of the state.

Jackson's Saturday Special

Glass butter holder

A glass receptacle for holding a square of butter—it effectively eliminates the old insanitary method of leaving butter in a wrapper. Simple to handle—the square sits on the glass plate and the cover lifts off. Size—8 inches long, 4 inches wide, and 4 inches high. On sale in Variety Store, basement. Limited number to a customer.

No telephone or C. O. D. orders—no delivery. 1000 to be sold.

—and while you are in Saturday look over our 5c, 10c and 15c counters. Almost any small household article for which you are looking will be found there. Quick, courteous service—in a well-ventilated and lighted basement Variety Store.
